PROFESSIONAL EXPERIENCE

European Central Bank   Frankfurt am Main, Germany
Research Analyst/Market Operations Analysis Trainee   *September 2018 - December 2019*

- Carried out the econometric analysis for a paper on monetary policy and financial markets.
- Collected and prepared data extracts for its analysis on research projects, impact evaluations and dossiers used by management for decision-making.
- Contributed to improving the efficiency of the team by automating data pre-processing routines.
- Improved communication of results by preparing appealing and interactive data visualizations.

Inter-American Development Bank   Washington D.C., USA
Operations Analysis Intern   *February 2018 - August 2018*

- Funded with a grant from Fundacion Banco Sabadell.
- Collected, prepared and analysed data for reports monitoring the financial and results performance of development projects, used both for internal decision-making and external presentations.
- Contributed to a report on project evaluation methodology.

Transition International   Landgraaf, The Netherlands
Programme Assistant - Data Analysis   *September 2017 - February 2018*

- Created databases from raw survey data, and ensured its quality and usability for analysis.
- Provided the qualitative and quantitative data analysis for the impact assessment of three projects: a long-term humanitarian aid evaluation in Central African Republic (for Mercy Corps), and two children re-integration projects, one in Syria and Jordan (for UNICEF Jordan) and one in Congo (for WarChild UK).

OTHER PROFESSIONAL EXPERIENCE

Research Assistant
Washington, D.C., USA   *July 2018*

Collected survey responses for an experiment aimed at estimating how people interpret information from impact evaluations, carried out by Professor Eva Vivalt (Australian National University) and Dr. Aidan Coville (The World Bank).

PUBLICATIONS

Beltrame, Bindseil, Solis-Alonso and Zochowski (2019). *Estimating the Collateral Eligibility Premium: An Euro Area Study.* **Working Paper, European Central Bank.**
